Regularly review actions and monitor progress

Things to remember

The actions are a starting point, which will hopefully guide you through making the most out of your Stonewall membership. We don't expect you to complete them all immediately or on your own. Identify colleagues who can work on these actions with you and spend some time working out how long each one might take. You can find a template email below to send to your colleagues to make sure that everyone has the chance to get involved. If you have any questions about any of the actions you've been recommended, don't hesitate to email us at education@stonewall.org.uk.

Resources

You can find links to all the recommended resources and e-learning modules below. Click on the image or the resource title to open the resource in your browser. Don't forget, you'll need to be logged in to view and download some of the resources. Template all staff email

You can use this email template as a base for finding colleagues to work on your action plan with you. Feel free to adapt it as necessary to suit your setting. It could be helpful to set up a formal working group, or you might find that a more informal approach works better for you and your colleagues.

Dear colleagues,

As you might be aware, we've recently started/renewed our Stonewall School & College Champion membership. This membership helps us to improve our LGBTQ+ inclusive practice by providing access to guidance, training and resources. I'll be leading on our LGBTQ+ inclusion work, but I need your help. I'm setting up an action group to work on this and I'm looking for people to get involved. It would be great to get people from different departments/key stages as well as pastoral staff, so that we can work together on this as a whole school.

We'll be having an initial meeting on day/time so please can you reply to this email if you'd like to come along. If you want to be involved but can't make that time, don't worry - let me know and I'll add you to the working group/email you.

Best wishes
